

**Careers Programme**

Throughout your learner journey, we encourage you to consider your career and progression options beyond college. We offer free and impartial advice and guidance through qualified advisors available to you during your time at NewVlc.

Our careers advisors will help you research universities, work and apprenticeship opportunities. You will also have the chance to engage in careers, higher education and employability to research your options and develop career management skills during tutorials.

Our Careers Programme lists just some of the main events that you may encounter in your time at NewVlc, in addition to any employability and career-focused events in subject areas:
